The Association's Annual Dinner is a good time for our members and guests to come together – 'reunion'. We had a total of 15 tables for that happy moment. YSHKLA has again contributed excellent support to this special event. This year they are performing a song and playing Guzheng (古箏) for us. In addition, they have designed the backdrop and signs. On the night, there was a surprise for our Immediate Past President (Ir. Prof. Stephen Chan) who received a souvenir which is crafted with our favourite motto (物流創富). The Association sincerely thanks all attending members and look forward to our next annual dinner.

香港物流人力市場 問卷調查及分析報告

為了有效鞏固香港物流業發揮支柱行業的角色，使香港成為未來亞洲「高價值商品」及「現代電子商務」物流中心，本會代表業界向政府表達就人力資源供需對香港物流業發展的看法。於2017年7月25日至8月7日期間，本會透過問卷調查採集業界對本港物流人力資源的意見，共收回問卷101份。

整體而言，目前本地大多數物流企業正面對前線員工招聘不足的難題。調查結果發現超過8成受訪企業的人力資源不足，其中，超過6成欠兩成以下的人手。最難招聘的員工為：基層員工－倉庫(64.4%)及基層員工－運輸(53.5%)。最多受訪者認為解決員工招聘不足的辦法是增加培訓機會及內部提升，和改善物流業界形象，吸引年青人入行。雖然，受訪者並不認為輸入外地勞工是解決員工招聘不足的首要辦法，不過，大部份受訪者認為輸入外勞不會影響本地員工就業。大部份受訪者願意為外勞支出與本地員工同等的薪金福利，同時，亦認為僱主應為外勞提供住所。不過，輸入外勞帶來增加的成本，以及如何尋得合適居住地方並未有解決方案，這將會是輸入外勞政策的巨大阻力。

本會認為如果本港其他行業引進輸入外勞政策，一定程度上能舒緩目前本地勞工市場緊張的問題，最終全港人力資源市場都會受惠，同時，物流業的問題亦會得以緩解。

VISIT TO CENTRAL MAIL CENTRE ON 6 SEP 2017

As a Hong Kong citizen, I have been enjoying the mail service of Hong Kong Post for years, but I never understood how it actually serves the public everyday. This HKLA visit to the new Central Mail Centre in Kowloon Bay impressed me a lot.

After 170 years of history, the latest green-design centre occupies 21,080 sq. meter with 5 floors integrating International Mail Centre and sorting centre in one place. I couldn't imagine that the post office processes over 3 million letters per day. The most surprising is the automation of identifying the mailing address: Optical Character Recognition (OCR) is applied to read the addresses on envelopes including handwriting Traditional/Simplified Chinese and English addresses!

Besides, various operation flows were also introduced such as stamp chop automation and manual sorting for different post office branches. This visit has definitely broadened my insight and triggered more thoughts regarding e-Commerce small parcel handling.

HKLA SEMINAR: DIRECTORS' DUTIES AND RESPONSIBILITIES UNDER NEW COMPANIES ORDINANCE IN HONG KONG ON 7 SEP 2017

From the concept of shareholders to the concept of stakeholders, company directors of the board play a significant role in the 21st century. Boards are not only composed of shareholder representatives from different constituencies but also comprise different stakeholders. The Board's relations with associated parties including shareholders, employees, suppliers, customers, and the community at large are contained. Directors may not represent special interests or advocate the preferences of external parties if they are to carry out their fiduciary duties as a director. Board members retain responsibility for oversight and monitoring of any delegated functions.

The new Companies Ordinance and the subsidiary legislation commenced operation on 3 Mar 2014. The codification of directors' duties under section 465 imposes upon directors a new duty to exercise reasonable care, skill and diligence that would be exercised by a reasonably diligent person with dual tests. The corporate governance measures are enhanced through strengthening the accountability of directors and improving the disclosure of company information. Non-compliance with the direction from the Company Registrar is an offence. The company and every responsible person of the company will be liable to a fine. Directors are required to act on behalf of all stakeholders and exercise discretion and independent judgment in the best interests of the company.
