

All are welcome

The Symposium on [Risk Management and Business Intelligence 2019](#), will be held on **23 March 2019 (Saturday) afternoon** in Citi Lecture Theater (LT-A), The Hong Kong University of Science and Technology (HKUST). This is the Tenth symposium organized by the Risk Management and Business Intelligence (RMBI) Program of HKUST. The theme of this symposium is FinTech.

Since its inception in 2009, the RMBI program strives to equip students with comprehensive quantitative and statistical skills, high-quality analytical and problem-solving abilities as well as well grasp of business fundamentals.

In echoing the vision and mission of the pioneered RMBI program, the upcoming symposium will continue to serve as an excellent platform for the academics and industrial experts to gather and exchange their views about the development of Risk Management (RM) and Business Intelligence (BI); as well as to offer young adults a unique opportunity to gain invaluable first-hand learning experience in RM and BI.

With this year's theme as FinTech, the scope for RMBI Symposium 2019 includes:

- FinTech Innovation: Strategies & Execution
- FinTech Outlook: Opportunities & Challenges
- The essence of building sound risk management systems and business intelligence applications in companies
- The future development of the RM and BI industries
