## 冷鏈物流管理體系先導計畫經驗分享會 暨 「冷鏈物流管理體系實務守則」

香港物流協會在香港工業貿易署「工商機構支援基金」的資助下，推行「制定冷鏈物流管理體系之實務守則，以針對及協助物流業的長遠發展」項目，並由香港品質保證局擔任執行機構，旨在建立及制定一套適用於本地使用的冷鏈物流管理體系實務守則，現階段主要針對冷凍和冷藏食品，以補足本地物流業對於冷鏈物流管理的需求，並協助香港冷鏈物流業提升及優化其管理和運作水平，維持及提升香港的競爭力。

此一項目於2021年3月5日假唯港薈舉行「冷鏈物流管理體系之實務守則」先導計劃經驗分享會暨頒授典禮。由於疫情關係，活動於線上線下同步進行，未能親臨會場之參加者於網上觀看現場直播。

此外，會上亦宣布《冷鏈物流管理體系項目指南》正式出版，供物流業及有興趣的公眾人士免費參考。詳情請到香港物流協會項目網站(<https://www.hkla.org.hk/冷鏈物流/>)瀏覽或下載。

## 網上研討會：疫苗物流研討會 2021年2月19日

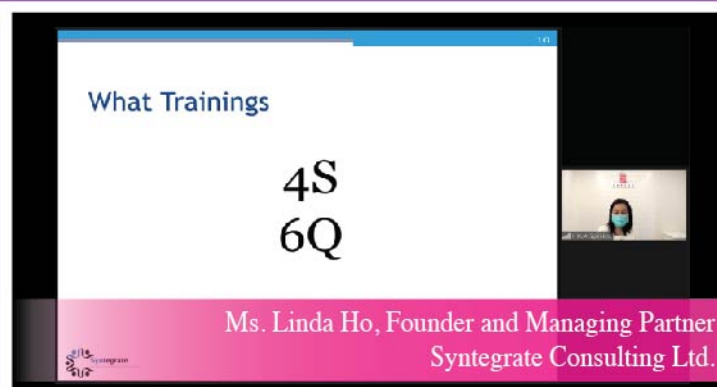

新冠肺炎肆虐全球一年至今，世界各地每天都有新增確診個案，令人擔憂。不過，好消息是全球不少藥廠的疫苗開始可以陸續推出使用。運送疫苗比一般貨物的處理更為見複雜，要讓疫苗發揮最佳效果，完善嚴謹暢順的溫控物流的方案，甚或後備方案的設想，均是不可或缺！

為此，香港物流協會特別於2021年2月19日舉辦網上研討會，邀請相關專業人士分享訊息包括：國泰航空貨運服務總經理劉爾修先生；奧利佳(香港)有限公司物流副總裁 Mr. David Mouland；及GS1 HK 行業拓展高級經理冼雋然先生。三位專家講者分別介紹了疫苗由原產地機場空運至香港機場，再從陸路運輸分發至香港各接收地點的最後一公里過程所作出的專業和嚴謹物流管控，包括疫苗的追蹤和識別等，確保對疫苗供應鏈的保護達致最高安全水平。專家們並解答了與會者有關疫苗儲存及運輸的風險應對措施，令大家對疫苗物流供應鏈處理有更深認識，增加信心。

當日，研討會網上及現場出席人數高達130人，包括藥品分銷、代理、冷鏈設備供應商及物流服務業之中高級營運專業人士、供應鏈經理及總監、以及對疫苗服務等有興趣人士，參加者對此次疫苗物流研討會反應十分熱烈。

## HKLA Webinar: Post-pandemic Resilience Plan on 12 March 2021

## 2021 Hong Kong Logistics Case Contest

The 6th Hong Kong Logistics Case Contest has been completed in flying colour since teams were performing well within a tight time frame continuous from Friday 7pm to Saturday 4pm (about 20 hours). Another record is the outnumbered participants (80 students) and welcoming 4 enterprise teams. Due to the large number of teams (total 32 teams), it is the first time we adopted a 'knockout' system. Another special arrangement is that camp format to enhance problem solving skill has been changed to on-line but keeping Final Round physical mode under the pandemic.

**Ir. Dr. Owen Yue**  
HKLA Secretary General & Convener, YDC and YS

Chevalier AOC Freight Express Holdings Limited has the pleasure as one of the sponsors of the 2021 Hong Kong Logistics Case Contest, organized by the Hong Kong Logistics Association.

The contest aligned with the mission of the Hong Kong Logistics Association providing a platform for exchanging views and developing modern logistics knowledge and techniques for which Chevalier AOC Freight Express Holdings Limited fully endorsed. We are appreciated the enterprise and university student contestants participating at the case study, sharing their discussion and initiatives.

Chevalier AOC will continue to support the activities of the Hong Kong Logistics Association.

**Mr. Alex Koo**  
HKLA Chairman, Membership Committee  
CEO, Chevalier AOC Freight Express Holdings Limited

It is my pleasure to be one of the judges of the 2021 Hong Kong Logistics Case Contest.

The contest comprised of representatives from the enterprises and universities. While the enterprise contestants shared their professional experience, the students experienced situation in real world. The exercise was fulfilled under high pressure due to the constraint of times and the case complexity. I applaud the commitment from all contestants who worked diligently to understand the pain-points and provided creative recommendations of the business case.

Credit goes to the organizer who manages the logistics so well under the particular COVID-19 sanitary constraints.

**Mr. Jack Lo**  
General Manager – Business Development, Chevalier AOC Freight Express Holdings Limited

Thanks to Hong Kong Logistics Association, local logistics case contest has been successfully held amid the COVID-19 condition. We were glad we could participate as an enterprise team and mingle with many young talents in the event. This is absolutely a great platform for exchanging our knowledge and keeping updated of the latest trend in the industry. This year we were given a warehouse logistics case and asked to offer a solution for streamlining the workflow. As this is a real struggle for the company, our solution had to be practical and creative enough to tackle the issue. Overall the experience is very rewarding, and the champion trophy is definitely a great honour for us.

We would like to thank again Chevalier AOC Freight Express Holdings Ltd. for case sharing and HKLA's effort and continued support. We look forward to HKLA's upcoming events.
